MOONPAW MANOR

A story-driven match-3 in a moonlit manor

LIVE ON IOS | GOOGLE PLAY — CLOSED TESTING | MATCH 3 BLAST

The doors of a moonlit manor have swung open, and **Moonpaw the cat** is waiting. Match, blast, and uncover the manor's secrets — handcrafted levels, carefully balanced difficulty, easy to learn and hard to put down.

Classic match-3 blast with a **story layer and a character mascot** — the proven long-LTV formula of the genre, built by the same hands that shipped Chonk Out's 101 hand-tuned puzzle levels.

The game at a glance

CONTENT
100+ handcrafted levels, balanced by hand

CHARACTER
Toto the cat mascot accompanies every step

v1.0.4 live on the App Store; Android build in closed testing

TECH
Unity · by the studio behind Chonk Out · fast iteration

STUDIO
Second title of a two-game live portfolio

Screens

What we're looking for

A publishing / UA partner for the match-3 side of our portfolio. Live data available under NDA. Actively maintained alongside Chonk Out, with fast iteration on both titles.

App Store | Gameplay video

Kyro Games — independent studio, Türkiye. Sister title *Chonk Out* live on iOS.
