Kyro Games

Indie puzzle studio · Istanbul · founded by Deniz Özkan

3	4	14 yrs
live on iOS	in App Review	game art

Kyro Games makes polished, cozy puzzle games in Unity. Every title is designed, art-directed and built in-house by Deniz Özkan, a senior game artist and technical artist with 14 years in the industry. Seven games shipped or submitted since July 2026, with a fast loop from prototype to store.

LIVE ON THE APP STORE

Voxel Orbit: Cube Pop Puzzle

3D rotate-and-blast colour puzzle · Sep 2026 · v1.0.6

A toy sculpture floats in space. Colour-coded UFOs orbit it on a glowing ring and blast every cube of their colour while you turn the sculpture by hand. 60 sculptures, each with a surprise inside, then an endless remix mode.

LIVE iOS · ANDROID CLOSED TEST · 60 LEVELS + ENDLESS · OPEN FOR PUBLISHING

Chonk Out: Cat Block Slide

Cozy cat block-slide puzzle · Aug 2026 · v1.0.8

Round, sleepy, extremely in-the-way cats. Slide them off the board through the gates that match their colour. One-way chonks, sleepy stacks, frozen cats, jars and chains keep 101 hand-built levels fresh.

Moonpaw Manor: Cat Match 3

Story-driven match-3 set in Istanbul · Jul 2026 · v1.0.8

Moonpaw the wizard cat and Toto the mouse bring the light back to a moonlit manor above the Bosphorus. Classic match-3 blast with a story layer, a character mascot, and a full shop and subscription flow already live.

COMING SOON · IN APP REVIEW

Fuse Rush: Save Nugget

Rope-escape puzzle · v1.1

Baron Knotley tied Nugget the hamster to a rocket and lit the fuse. Slide ropes off the board in the right order before it blows. Every level is a little cartoon, fully voiced in English and Turkish. **New Rescue mode** (next update): Nugget is on the board and runs home once you clear his path.

Snowball Rescue: Ice Smash

Cozy winter physics smash

Aim the snowman cannon, smash the ice and set the frozen fish free. Towers wobble, topple and splash into the lake. Combos, exploding gifts and boosters across hand-made levels.

Cube Crew: Sort, Stack, Build!

Sort-and-build voxel puzzle

Toy trucks and a tower crane work the night shift. Send the right crates in the right order and raise 55 voxel builds from the ground up: diggers, castles, robots, dinos and more.

IN REVIEW · 55 BUILDS

Blast & Build

3D blaster build puzzle

Load two toy blasters, fire colourful cubes and watch a 3D sculpture rise cube by cube. Plan your taps, keep the slots free, chain magazines for combos and finish every build.

Numbers so far (organic only, zero paid UA · App Store Connect 5 Sep–4 Oct · Firebase 8 Sep–5 Oct)

Store page conversion	**5.6%** 30-day average · ~8% in launch week
Avg engagement per active user	**17 min 05 s** · 2.9 sessions
Traffic source	App Store Browse only · no ads, no search campaigns
Monetisation	Off by design until a test; rewarded, interstitial and no-ads pack designed in
Retention	Small organic base so far. That is why we want a test.

What we're looking for

- A publishing partner for CPI / marketability tests, starting with Voxel Orbit
- Co-developing new prototypes with a publisher's market data
- Android builds available on request

What we bring

- Fast prototype-to-store loop: art, UI, VFX and code in-house
- Store creatives and ad videos made by the studio
- All IP owned by Kyro Games, registered in Türkiye
